I agreed to check, however, to see if there were any the Committee was missing.

5. [ ] LIAISON Called Lex Schnee, Office of Legislative Affairs, Department of State, to ask whether the Department of State had provided the House Permanent Select Committee on Intelligence a copy of the [ ] which reported Fidel Castro's denial of Cuban involvement in the invasion of Zaire. Schnee told me that the Department had not provided a copy to the Committee but had no objection to doing so. Subsequently, based on a request from [ ] NFAC/CSS, I called Schnee to request the Department's permission for the Director to give copies of the [ ] to the Committee during the Director's appearance before the Committee at 1515 hours on 29 June. Schnee said that he had no problem with this and asked only that we remind the Committee that the cable is still classified.

6. [ ] LIAISON Tom Latimer, Staff Director, House Permanent Select Committee on Intelligence, called asking whether I had a copy of the White House press release on the invasion of Zaire and the Cuban involvement in that invasion. I told Latimer that I have a copy of the memorandum and added that it had been sent down to him on 16 June. I added that I would be pleased to send another copy down in the event that Latimer was unable to locate his copy.

7. [ ] LIAISON Per her earlier request, sent via courier to Marge McCaleb, in the office of Representative Ray Roberts (D., Texas), a copy of the study entitled "A Study of Climatological Research as it Pertains to Intelligence Problems."

8. [ ] LIAISON Received a call from Jim Locher, Senate Armed Services Committee staff, who said that he sent back yesterday the listing of CIA finished intelligence on East Asia during the last several years with a request for 28 documents. He wished to know how long it would take to compile all the documents for him. After checking with NFAC/CSS, I called Locher back and told him that they had not yet received the listing and that when they did we would have to see how much work this job will require given the size of the documents, the dates, etc. I told him I would get back to him with an estimate shortly.

9. [redacted] LIAISON Received a call from Mr. Beach, House Committee on Standards of Official Conduct staff, who asked if the Agency had a list of all American companies that do business with Haiti. After checking with NFAC/CSS, and [redacted] OLC, I called Beach back and told him that we do not have any such list and went on to say that this is not the kind of information which the CIA is authorized to collect since it does not involve foreign intelligence.

He said it was in final typing for publication and would probably be published in two weeks. I relayed this to [redacted] OLC. McGough also said GAO was interested in extending some previous clearances which had been canceled. I told him I was not sure that we had reached a firm policy and suggested that they continue to send their requests over. I warned him that they might get turned down.

13. [redacted] LEGISLATION Received a call from Lawrence Storch, State Department, who was calling to return my call. I asked Mr. Storch about the progress the State Department was making on the Title IV (H. R. 12240), "Intelligence Authorization bill" letter. Mr. Storch said that State Department was waiting for our changes, viz., our inclusion in the latest draft of expansible language with regard to the CI impact of Title IV. I told Mr. Storch that it was my clear recollection that as a result of the 22 June meeting the burden was on State Department to make the modifications. Apparently, State has not moved to date to revise the letter. In the interests of time I said we would revise the letter to reflect a greater CI concern and get it to him tomorrow for State's input on a Helsinki conference since that avenue had already been explored and rejected by the other parties of interest.

20. [REDACTED] LIAISON Received a call from Katie Barksdale, in the office of Senator Herman Talmadge (D., Ga.), asking if the CIA conducts tours. [REDACTED] will handle this with Ms. Barksdale.

21. [REDACTED] LIAISON Richard Perle, on the staff of the Senate Governmental Affairs Permanent Subcommittee on Investigations, called to request for Chairman Henry M. Jackson (D., Wash.) NIE 11-4-78, dated 9 May 1978, entitled "Soviet Goals and Expectations in the Global Power Arena." He said Senator Jackson wanted to read the document today. I told him I would check and get back to him. (See Memorandum for the Record.)

22. [REDACTED] LIAISON Received a call from George Murphy, in the Senate Office of Classified National Security Information, who wanted to know if he could have a copy of the classified and unclassified report mentioned in today's paper regarding Soviet arms sales. After checking with CSS/NFAC, I phoned Mr. Murphy's secretary and told her that I would be happy to forward the unclassified version of the report but that the classified version would not be coming out for another month or so. She said she would pass this on to Mr. Murphy. I later mailed the publication entitled "Estimated Soviet Defense Spending: Trends and Prospects" to Mr. Murphy.
